Children's Memorial Courtyard

Some of our little ones have already found their way home to the Father where he holds them close to His heart. We hold them in our hearts as well and have set aside a place apart to remember them.

The courtyard is located to the right of the St. Anthony statue facing Forest Avenue. Parishioners who have lost a child who was named and 21 years or younger will be able to memorialize them with an engraved paving brick. Please call the rectory for more information.

\$20 each paving block. 16 letter per paving block. You do not have to have lived in the parish when the child died.
