

Welcome to StAY — Saint Anthony Youth

StAY offers the children of Saint Anthony Parish the opportunity to participate in spiritual, service, athletic and social programs.

StAY encourages the youth of St. Anthony Parish to become loyal and active participants in Parish life through Parish-based opportunities showcasing their special talents, energy, confidence, and vision.

Children in any school who are registered in the Parish have the opportunity to participate in StAY events.

Program Descriptions

- **SPIRITUAL FORMATION:** encourage children to become involved in the Parish through special events such as StAY masses, in which the children will take active roles in the Mass. Other spiritual events will be scheduled including participation in opportunities offered through the Archdiocese of Philadelphia, which will afford our children the opportunity to actively participate in spiritual events with children from other Parishes.
- **SERVICE:** demonstrate to our children the value of community involvement and how they can take an active role in helping others. We incorporate local and non-local service projects so the children witness first-hand the impact they can have in both their neighborhood, and in the broader community.
- **ATHLETIC:** offer diverse sporting activities for all seasons for children in 4th through 12th grades registered in the Parish. In the fall we offer Girls Volleyball, Boys & Girls Soccer, and Cross-Country. In the winter we offer Girls and Boys Basketball (including high-school). In the spring we offer Softball, Baseball and Track and co-ed high-school Volleyball.
- **SOCIAL:** provide dances and other social events so children can join together in a chaperoned setting to have fun! Family events and adult socials are also held, such as trivia nights.
